

FACTSHEET

TITLE: **USE PERMIT NO. 43B**, requested by Capitol Sign Company on behalf of Stockwell Office Park Association, to modify the sign plan of Stockwell Office Park, on property generally located north of Burnham Street between South 13th Street and South 14th Street.

STAFF RECOMMENDATION: Approval of the sign area decrease for the sign on South 14th Street; and denial of the sign increase in area and height for the sign adjacent to Lot 5, along So. 13th Street.

SPONSOR: Planning Department

BOARD/COMMITTEE: Planning Commission
Public Hearing: 09/04/02
Administrative Action: 09/04/02

RECOMMENDATION: Conditional approval as requested by the applicant, with amendments (6-3: Steward, Duvall, Bills-Strand, Larson, Taylor and Schwinn voting 'yes'; Krieser, Carlson and Newman voting 'no').

FINDINGS OF FACT:

1. The staff recommendation as set forth above is based upon the "Analysis" as set forth on p.5-6, concluding that the modifications to the sign plan for the 14th Street vehicular entrance sign are in conformance with the directives of the 2025 Comprehensive Plan; however, the modifications to the building entrance sign along 13th Street increase the development's negative visual impact in this entryway, specifically only the financial tenant's visibility. The tenant is already allowed wall signs on the building facade, and the approval of the modification of this 13th Street sign sets a precedence for future sign modifications for the remaining 2 buildings near South 13th Street. Therefore, the increase in sign area should be denied.
2. The applicant's testimony is found on p.9-10.
3. There was no testimony in opposition.
4. On September 4, 2002, the Planning Commission (although not unanimously) disagreed with the staff recommendation and voted 6-3 to approve the applicant's request, with conditions. (See Minutes, p.10).
5. The conditions, as amended to reflect the approval of the applicant's request, are found on p.6-8.
6. The Site Specific conditions of approval required to be completed prior to scheduling this application on the Council agenda have been submitted by the applicant and approved by the reviewing departments.

LINCOLN CITY/LANCASTER COUNTY PLANNING STAFF REPORT

P.A.S.: Use Permit #43B
Stockwell Office Park

DATE: August 28, 2002

****As Revised by Planning Commission: 9/04/02****

PROPOSAL: Dennis Plachy, on behalf of Capitol Sign Company, for the land owners, has applied for a use permit that proposes to modify the sign plan of the Stockwell Office Park.

WAIVERS: None

LAND AREA: 3.63 acres, more or less

CONCLUSION: The modifications to the sign plan on for the 14th Street vehicular entrance sign are in conformance with the directives of the 2025 Comprehensive Plan, however, the modifications to the building entrance sign along 13th Street increases the development's negative visual impact in this entryway, specifically only the financial tenant's visibility, the tenant is already allowed wall signs on the building facade, and the approval of the modifications of this 13th Street sign sets a precedence for future sign modifications for the remaining 2 buildings near S. 13th Street which, therefore the increase in sign area should be denied.

RECOMMENDATION:	Approval of sign area decrease to sign on S. 14th St.
	Denial of sign increase in area and height to sign adjacent to Lot 5, along S. 13th St.
	<u>Conditional Approval</u> (*Per Planning Commission: 9/4/02*)

GENERAL INFORMATION:

LEGAL DESCRIPTION: Outlot A, Stockwell Office Park Addition, Lincoln, Lancaster County, Nebraska

LOCATION: North of Burnham Street between S. 13th St. and S. 14th St.

APPLICANT: Dennis Plachy
Capitol Sign Company
3421 N. 35th St.
Lincoln, NE 68504
(402) 466-7446

OWNER: Stockwell Office Park Association
3730 S. 14th Street
Lincoln, NE 68502

CONTACT: Dennis Plachy
Capitol Sign Company
3421 N. 35th St.
Lincoln, NE 68504
(402) 466-7446

EXISTING ZONING: O-3 Office Park

EXISTING LAND USE: 48,675 square feet of office and financial floor area

SURROUNDING LAND USE AND ZONING:

North	Nebraska Department of Correctional Services offices	P
Southeast	State Department of Roads office buildings	P
Southwest	vacant land lies between S. 13 th Street and Highway 2	P
East	Residential housing	R-2
West	Post Office	O-3

COMPREHENSIVE PLAN SPECIFICATIONS: The 2025 Comprehensive Plan classifies this area as commercial.

P. F38 General Principles For All Commercial And Industrial Uses:

Commercial and industrial districts in Lancaster County shall be located:

- in sites supported by adequate road capacity – commercial development should be linked to the implementation of the transportation plan
- in areas compatible with existing or planned residential uses
- so that they enhance entryways or public way corridors, when developing adjacent to these corridors

HISTORY:

April 27, 2001	Planning Director approves Administrative Amendment #01026 to change lot lines and add general note #26, “An owner’s association will be created for the maintenance of the parking lot, sidewalks, landscaping and detention cells.”
Feb. 12, 2001	City Council Approved Use Permit #43A, for authority to construct 48,675 square feet of office and financial space on property generally located south of Stockwell Street between S. 13 th and S. 14 th Streets.
Dec. 13, 2000	The applicant withdrew Combined Special Permit/Use Permit #17, which would have permitted 46,175 square feet of office space and 2,500 square feet of drive through restaurant space. Use Permit 43A replaces the combined permit.

- | | |
|------------------|--|
| May 20, 1991 | City Council denied Change of Zone #2631, which would have changed the zoning on the sliver of land south of the Post Office between Highway 2 and S. 13 th St. from P Public Use to O-3 Office Park. The basis for the denial was that this was an important entryway to the city and an inappropriate location for O-3 Office Park. |
| January 11, 1988 | City Council approved Change of Zone 2372, which changed the zoning from P Public Use District to O-3 Office Park on the United States Post Office property west of S. 13 th Street. The long southern tip of the Post Office property was left in P Public Use zoning to ensure that the land would remain open space. |
| January 4, 1988 | City Council approved Use Permit #43, which permitted a 35,000 square foot office building on the property. |
| January 4, 1988 | City Council approved Change of Zone #2368, which changed the zoning on the property from P Public Use to O-3 Office Park. |

UTILITIES: Available.

TOPOGRAPHY: The site gently slopes from northeast to southwest.

TRAFFIC ANALYSIS: S. 14th St. is classified as an Urban Collector and S. 13th St. is identified as Minor Arterial in both the Existing and Future Functional Street and Road Classification in the 2025 Comprehensive Plan.

Highway 2 is shown as six lanes in the Long Range Transportation Plan “Projects & Studies: Lincoln Area Street & Roadway Improvements 2025” diagram.

The Lincoln Area Current and Future Trails Network shows a trail running along S. 14th St. from Pioneers to Van Dorn Street.

L.E.S. RESPONSE: ALLTEL, Time Warner Cable, and the Lincoln Electric System will not require any additional easements.

BUILDING AND SAFETY RESPONSE: The applicant should clarify what the 15 square foot sign on 14th Street will be used for.

PUBLIC SERVICE: City of Lincoln Police and Fire services. The nearest Fire Station is #8, located at S. 17th Street and Van Dorn Street

REGIONAL ISSUES: Entryway impact

ENVIRONMENTAL CONCERNS: This application is only asking to modify the sign plan, therefore the previous environmental concerns have already been addressed with the approval of Use Permit 43A.

AESTHETIC CONSIDERATIONS: Entryway Corridor, the eastern portion of the site is in a Capitol View Corridor, and neighborhood compatibility. The applicant requests that the sign size at the vehicular entrance on S. 14th St. be reduced from 32 to 15 square feet, which reduces the impact on the residents across the street.

The applicant also requests that the building entrance sign for Lot 5, designated for financial use, be increased in size and height from 15 to 32 square feet in area and from 5 to 8 feet in height. A building entrance sign is only required to identify the associated tenant, and not the name of the Office Park or other tenants. This request reduces the sign size adjacent to the residential, but increases the size of a sign along a minor arterial.

ALTERNATIVE USES: Allow the height increase of the sign along S. 13th Street, not allow the increase in size of that sign, and allow the decrease size modification of the sign on S. 14th Street.

ANALYSIS:

1. The proposed modifications to the sign plan for the Stockwell Office Park involve two signs.
2. One sign is on S. 14th Street, adjacent to a residential district. This sign is considered by the zoning code as the allowed vehicular entrance ground sign. (See p. 27-183, L.M.C. Title 27.69.044). This is the one vehicular entrance on S. 14th Street. The applicant requests to decrease the area of this sign from 32 SF to 15 SF, therefore the proposed sign will be 15 SF in area and 8 feet in height, with the name of the Stockwell Office Park and all tenants listed.
3. This modification would decrease the visual impact on the adjacent residential district.
4. This eastern portion of the site, along S. 14th Street is located in a Capitol View Corridor. The proposed sign modifications do not appear to conflict with the corridor.
5. The other modification requested is to amend the size and the height of the sign located in the front yard setback along S. 13th Street, adjacent to Lot 5, designated for a drive-in bank. This is considered as an allowed ground sign to a building entrance. "In addition to (2) and (3) above, one ground sign not exceeding fifteen square feet in area and five feet in height shall be permitted at each building entrance" (p. 27-183, L.M.C. Title 27.69.044).
6. The applicant requests to increase the area of the sign from 15 SF to 32 SF and increase the height to 8 feet. The proposed sign would be a large sign listing the financial tenant of Lot 5, to be seen from S. 13th Street.
7. S. 13th St. is an Entryway Corridor to the City of Lincoln, and the proposed sign will have a great visual impact on this entryway.
8. The 2025 Comprehensive Plan states on p. F38 concerning future conditions of business and Commerce that they shall be located "so that they **enhance entryways or public way corridors**, when developing adjacent to these corridors." Increased signage along this entryway corridor will not enhance it.

9. This development has already received a waiver allowing signs in the front yard setback along S. 13th St. which situate the signs along an entryway corridor and arterial street, so there is no need to increase the size.
10. The zoning code currently allows on-premises wall signs on the building facade of an area of 250 SF or 10% of the wall face, whichever is lesser in the O-3 district. . "On-premises wall signs and on-premises projecting signs are permitted... The maximum area of any individual projecting sign shall not exceed twenty-five square feet..." (P. 27-183, L.M.C. 27.69.044(b)1) The tenant could use the permitted wall signs in the O-3 district on the building facades facing S. 13th Street instead of requesting modifications to the ground building entrance sign.
11. Lot 5, designated as a drive-in bank on Use Permit 43A already is permitted wall signage, which could be placed on the building facade facing S. 13th Street, and a ground sign 15 SF in area and 5 feet in height. There is no need to approve an increase in area of this sign, as 2 signs looking over S. 13th Street are already allowed.
12. The approval of the modifications of this sign, adjacent to Lot 5 and along S. 13th Street will set a precedence for the remaining 2 building envelopes which also have building facades located on S. 13th St. to also request sign modifications in the future.
13. The modification of sign area decrease to the sign on S. 14th Street should be granted.
14. The modification of the sign height and area increase to the sign adjacent to Lot 5, along S. 13th Street should not be granted.

CONDITIONS FOR USE PERMIT:

Site Specific:

1. After the applicant completes the following instructions and submits the documents and plans to the Planning Department office and the plans are found to be acceptable, the application will be scheduled on the City Council's agenda:

1. Revise the site plan to show:
 - 1.1 A signage note for the S. 14th Street vehicular entrance sign envelope stating that the sign will not exceed 15 square feet and 8 feet in height, and will identify the office park name and tenants.
 - 1.2 A signage note for the S. 13th Street building entrance sign for Lot 5, designated financial and indicated on UP#43A as a drive-in bank, stating the sign will not exceed ~~15 square feet and 5 feet in height~~, 32 square feet and 8 feet in height, and will identify the Lot 5 building envelope financial tenant.
(Per Planning Commission: 9/04/02**)**

- 1.3 Move the "Signage Notes" to appear just below the "Project Zoning" note.
- 1.4 Place a triangle with the number 2 in the center to the left of the title "Signage Notes," denoting the amendment.
- 1.5 Change the font of all signage notes of this application to the same font used for the "General Notes."
- 1.6 Change the "project zoning:" from O-2 to O-3 in the Signage Notes.
- 1.7 Change the number in the triangle to 2, and in the amendment legend.
- 1.8 Include in the amendment legend of approval dates (which is located in the top right-hand corner of the site plan): #UP43, January 4, 1988; #UP43A, February 12, 2001; #AA01026, April 27, 2001; #UP43B, insert date of approval
- 1.9 Change the numbers in the triangles to list amendments approved after the initial approval of UP43, starting with the #1 for the first amendment.
- 1.10 Change the font of the amendment legend to that of the "General Notes" font.
- 1.11 Change signage note #1 to "Sign in this Building Entrance Sign Envelope not to exceed ~~15 square feet and 5 feet~~ 32 square feet and 8 feet in height, and will identify Lot 5 financial building envelope tenant." (****Per Planning Commission: 9/04/02****)
- 1.12 Change signage note #2 to "Sign in this Vehicular Entrance Sign Envelope not to exceed 15 square feet and 8 feet in height, and will identify office park name and tenants."
- 1.13 Label the sign envelope adjacent to Lot 5 with "See Signage Note #1 and the sign envelope on S. 14th Street with "See Signage Note # 2."
- 1.14 Under "General Notes" change "People's Natural Gas" to AQUILA.
- 1.15 Under "General Notes" place a triangle with the number 1 in the center to the left of general note #26, denoting the amendment.
- 1.16 Change the title of the use permit on the plan to "Stockwell Office Park Use Permit 43B Lincoln Nebraska"
- 1.17 Add a triangle to the use permit legend and define it as symbolizing "amendments"

2. This approval permits the modification of the sign plan:

It approves the decrease in sign area of the permitted sign at the 14th Street vehicular entrance.

It ~~denies~~ approves the increase of area and height of the permitted sign adjacent to Lot 5, near S. 13th Street. (****Per Planning Commission: 9/04/02****)

General:

3. Before receiving building permits:

3.1 The construction plans shall comply with the approved plans.

STANDARD CONDITIONS:

4. The following conditions are applicable to all requests:

4.1 Before occupying the buildings all development and construction shall have been completed in compliance with the approved plans.

4.2 All privately-owned improvements shall be permanently maintained by the owner or an appropriately established homeowners association approved by the City Attorney.

4.3 The site plan accompanying this permit shall be the basis for all interpretations of setbacks, yards, locations of buildings, location of parking and circulation elements, and similar matters.

4.4 This resolution's terms, conditions, and requirements bind and obligate the permittee, its successors and assigns.

4.5 The City Clerk shall file a copy of the resolution approving the permit and the letter of acceptance with the Register of Deeds. The Permittee shall pay the recording fee in advance.

5. The site plan as approved with this resolution voids and supersedes all previously approved site plans, however all resolutions approving previous permits remain in force unless specifically amended by this resolution.

Abigail Davis
Planner

USE PERMIT NO. 43B

PUBLIC HEARING BEFORE PLANNING COMMISSION:

September 4, 2002

Members present: Steward, Duvall, Krieser, Bills-Strand, Larson, Taylor, Carlson, Newman and Schwinn.

Staff recommendation: Approval of the sign area decrease on 14th Street; denial of the sign area increase and height increase on 13th Street.

Proponents

1. Dennis Plachy of Nebraska Sign Co. requested to correct the record, referring to the picture of ground sign on page 78 of the agenda. Stockwell Park is going to occupy 1/4 of the sign and First Educators will occupy 3/4 of the sign.

Plachy explained the purpose of this request. They are allowed a sign of 32 sq. ft. at entrances and a sign of 15 sq. ft. to identify each business and building. The way this plot is laid out, the vehicular entrances are on 14th Street, which is on residential, and 13th Street will identify the building. This request will allow him to do the smaller sign in the residential area and put the larger sign on 13th Street side where there is more traffic flow. It is an existing building that was recently built.

Schwinn clarified that the request is to reduce the size of 14th Street sign and increase the size of the 13th Street sign, flip-flopping what is allowed.

Carlson thought that was a bank building. Plachy confirmed that First Educators is a Credit Union. Carlson recalled that there was considerable discussion when this came before the Commission last year about the location of signs, green space and screening. What is different now than then? Plachy indicated that he was not involved previously. Whoever came up with the plan did not really think through the size of signs that were allowed. He could not speak for the applicant at that time. He represents First Educators.

Schwinn believes the discussion was about getting the signage off the very point of Highway 2 as part of the corridor considerations.

There was no testimony in opposition.

Staff questions

Carlson again recalled that there was considerable discussion during the original application about sign location and sign envelopes. Where are we in sign locations and what has been changed administratively? Abigail Davis of the Planning staff stated that nothing has been changed administratively. They currently have a waiver of the front yard setback along 13th Street, so the sign envelope is located in the front yard. Her rationale in the staff recommendation pertains to a review of the Comprehensive Plan and the compatibility with the entryway corridors and the residential district

on the opposite side. According to the zoning ordinance, each envelope is separate and cannot be switched.

Schwinn noted that this involves one sign split between two businesses. Does each pad site get a sign? Davis responded that each business is allowed a sign. There are sign envelopes located in the front yard setback for the other two businesses along 13th Street.

Schwinn again clarified that the applicant is requesting an increase in sign area and an increase in height. Now they can have a 15 sq. ft. sign 5' in height located in the front yard setback, and the desire is for a 32 sq. ft. sign that is 8' high.

Response by the Applicant

Plachy stated that the sign code for O-3 zoning allows the 32 sq. ft. sign at every vehicular entrance. There are sign envelopes for each vehicular entrance, but the entrances are on the residential side as opposed to on the street side.

Public hearing was closed.

ADMINISTRATIVE ACTION BY PLANNING COMMISSION:

September 4, 2002

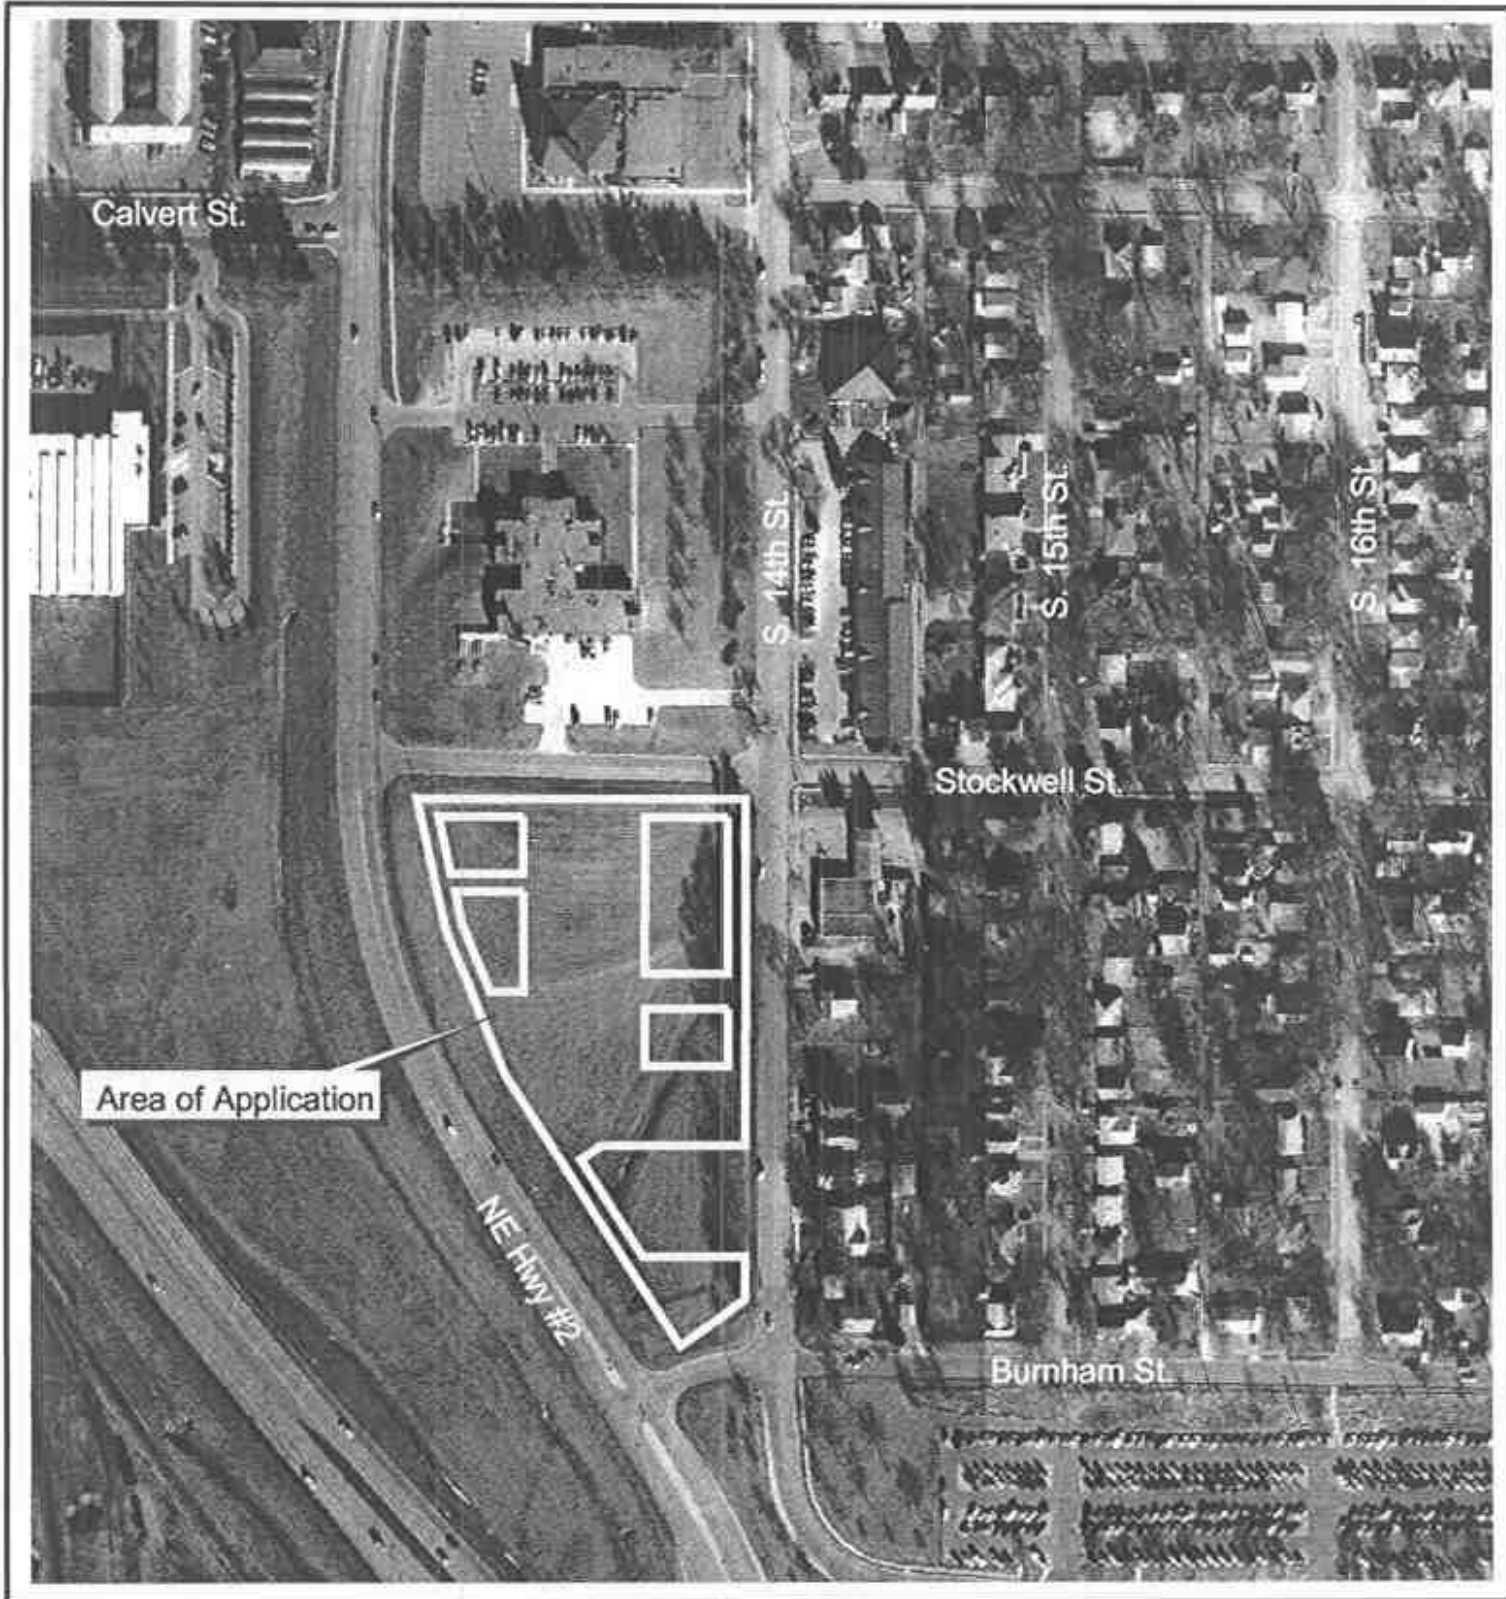

Duvall moved approval of applicant's request, seconded by Bills-Strand.

Duvall believes it is a tradeoff from residential to the arterial street and he believes it is keeping in character with the area.

Newman will vote against the motion. The very first page of the staff report suggests that approving this sets a precedent for future sign modifications and this is a concern to her.

Schwinn believes that putting the larger signs on 14th Street was a mistake and everyone should have the right to have the 32 sq. ft. sign on the 13th Street side. He does not believe it will be that obtrusive. He agrees that others may come in and ask for the same waiver.

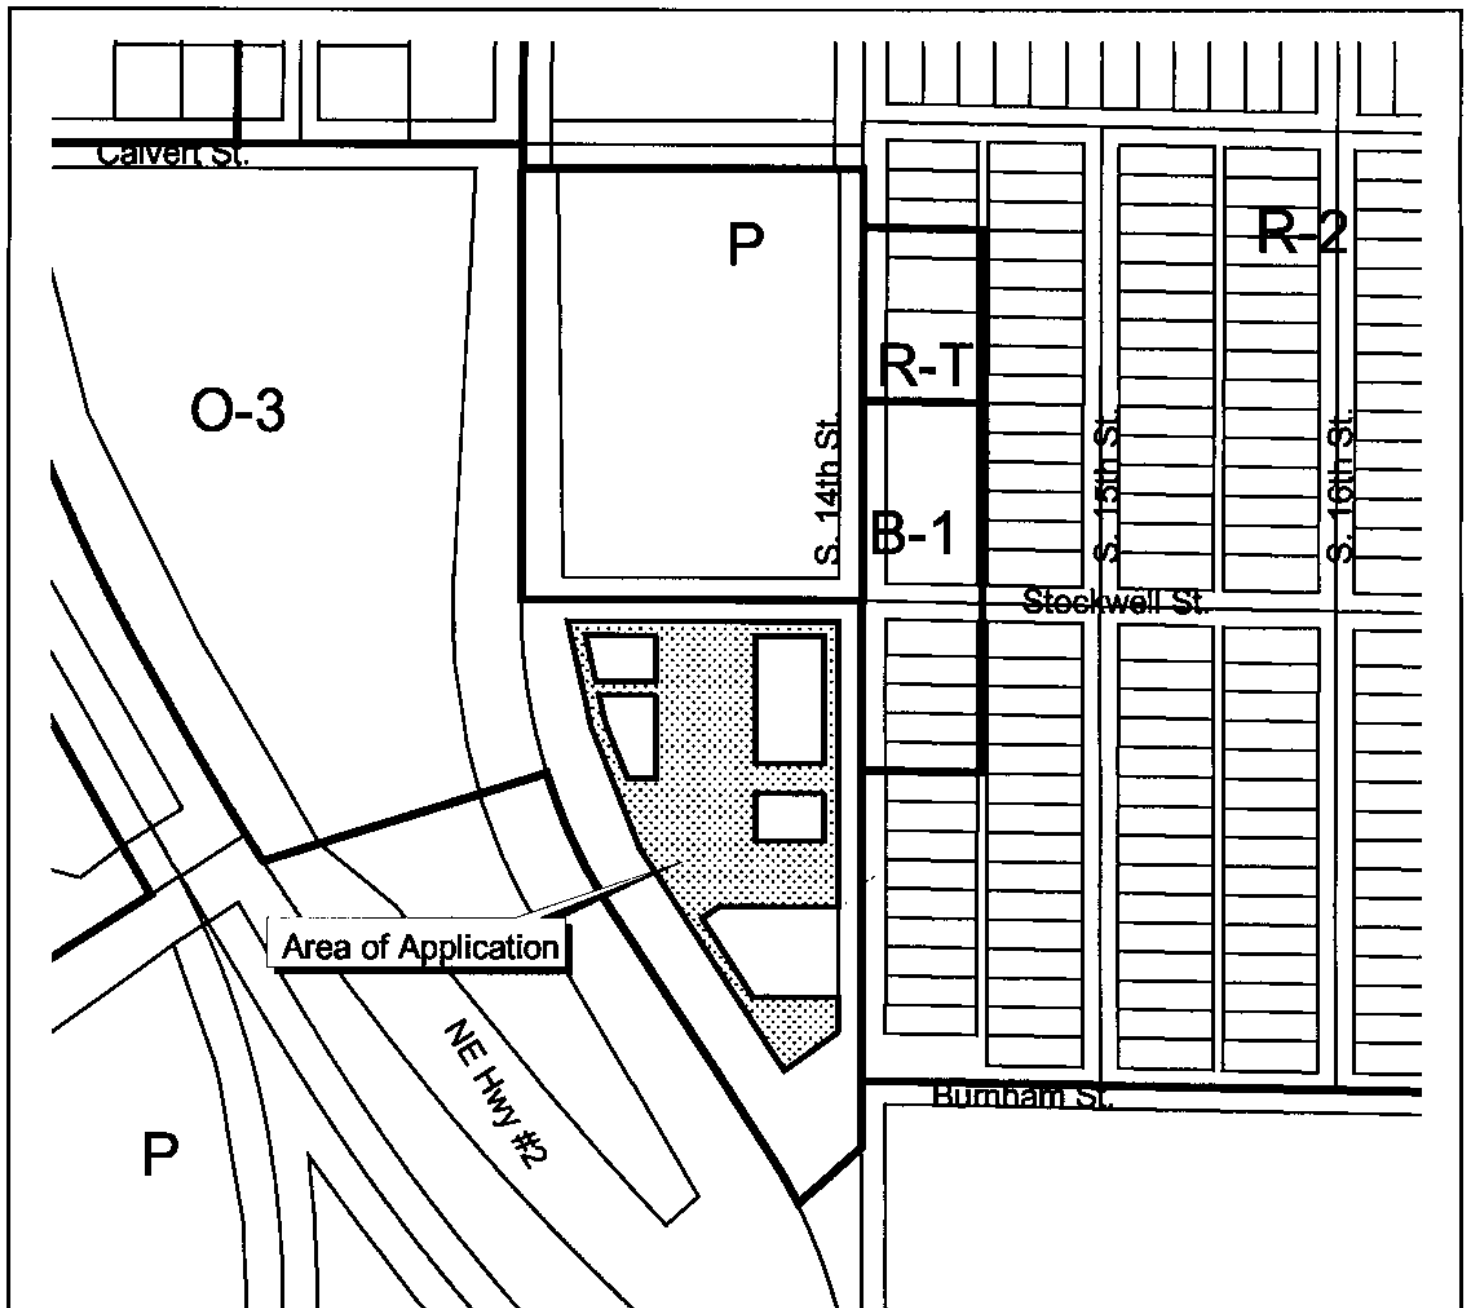

Motion for approval of the applicant's request, with conditions, carried 6-3: Steward, Duvall, Bills-Strand, Larson, Taylor, and Schwinn voting 'yes'; Krieser, Carlson and Newman voting 'no'.

Re: Amend UP43A to change sign locations in an O3 zone.

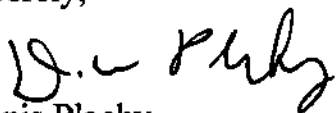

Dear Mr. Reynolds,

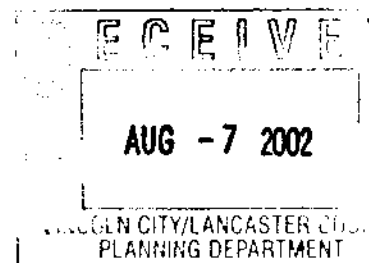

I would like to apply to amend UP43A in behalf of the First Nebraska Educators located at 3933 So 14th Street. We would like to propose to change the location of a 32 square foot 8' ground sign from 14th street to 13th street and locate the 15 square foot sign from 13th street to 14th street, which would identify the office park.

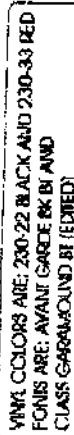

In the O3 zone a ground sign that is 32 square feet in size is to be located at each vehicular entrance and the 15 square feet sign identifying the building to be located next to each building. We feel by moving the larger sign to 13th street would identify the building much better being that 13th street has much more traffic than 14th street. In turn it would allow having a smaller sign in the residential area. We feel these changes would be better for the people who would be looking for the credit union and put less impact with a smaller sign on 14th street on the residential neighborhood.

I have enclosed fifteen copies of a site plan of the area, a certificate of ownership and a check for the amount of \$585.00. If there is anything else you require or have any questions, please feel free to give me a call at 402-466-7446.

Sincerely,

Dennis Plachy
Account Executive

 APPROVED BY:

work of Omaha Neon Signs Co., Inc. and may not be duplicated, used or disclosed without written consent

APPROVED BY:

This design and all material appearing hereon constitute the original unpublished work of Onuska Neon Signs Co., Inc. and may not be duplicated, used or disclosed without written consent.

(ii) One on-premises wall sign or ground sign, not to exceed one square foot in sign area, non-illuminated and non-reflecting, identifying the quarters of an on-premises building manager or custodian.

(c) Uses, other than dwellings, permitted in the district: One on-premises wall sign, not to exceed thirty-two square feet of sign area per building facade or, in the R-8 zoning district, one on-premises ground sign not exceeding thirty-two square feet in area for each main building limited to identifying the building or activity being conducted on the premises. Such signs may be illuminated.

(d) For fraternities and sororities within one-half mile of an educational campus: One on-premises wall sign not exceeding twenty square feet of sign area which may be illuminated. Neon or gas tubing shall be used only as backlighting.

(e) Lighted vending machines are not permitted in view from off the premises.

(f) Ground signs in this section shall not exceed six feet in height. (Ord. 16735 §5; February 13, 1995; prior Ord. 14527, as amended by Ord. 14613 §5; March 9, 1987; Ord. 13566 §1; April 4, 1983; Ord. 13039 §1; November 17, 1980; Ord. 12679 §9; September 4, 1979).

27.69.044 Permitted Signs; O-1, O-2, and O-3 Zoning Districts.

In the O-1 and O-2 zoning districts, the specific regulations are as follows:

(a) For each main building:

(1) (i) Two on-premises wall or projecting signs not exceeding twenty-five square feet each, or

(ii) One on-premises wall or projecting sign not exceeding twenty-five square feet and one ground sign not exceeding thirty-two square feet and eight feet in height.

(iii) In addition to (i) and (ii) above, one ground sign not exceeding fifteen square feet in area and five feet in height shall be permitted at each building entrance.

(2) In the O-2 zoning district, the ground sign may be located up to fifteen feet from the front property line, provided it does not exceed twenty square feet in area and six feet in height.

(3) The projecting sign may project from a building a maximum of six feet six inches and may project into a required front yard, but it shall not

project above the roof line or top of cornice wall. Such sign shall have a minimum clearance of eight feet above the walk or grade below and may project over the public right-of-way when the building is erected adjacent to the front property line.

(b) In the O-3 zoning district:

(1) On-premises wall signs and on-premises projecting signs are permitted. The total sign area of such signs per building facade shall not exceed an area equivalent to ten percent coverage of the wall face or a total of 250 square feet, whichever is lesser. The projecting sign may project from a building a maximum of six feet six inches and may project into a required front yard, but it shall not project above a roofline or top of cornice wall. Such sign shall have a minimum clearance of eight feet above a walk or grade below and may project over the public right-of-way when the building is erected adjacent to the front property line. The maximum area of any individual projecting sign shall not exceed twenty-five square feet.

(2) One ground sign per vehicular entrance into the office park, not to exceed thirty-two square feet and eight feet in height, identifying the name of the office park and tenants(s) is permitted. The ground sign may be located in the required front yard with a minimum spacing of fifty feet from any other ground or pole sign.

(3) One internal direction sign per entrance not exceeding fifty square feet and eight feet in height located adjacent and parallel to the private street is permitted.

(4) In addition to (2) and (3) above, one ground sign not exceeding fifteen square feet in area and five feet in height shall be permitted at each building entrance.

(c) Signs must be located from an abutting residential district as follows:

(1) Sign perpendicular to street:

(i) 50 feet if non-illuminated,

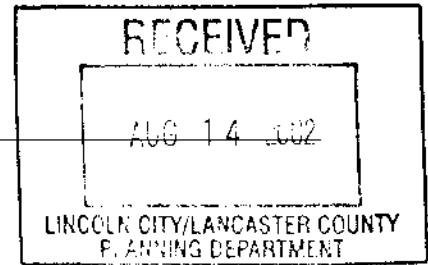

(ii) 100 feet if internally illuminated;

(2) Sign parallel to street:

(i) 50 feet if internally illuminated or non-illuminated.

(d) The sign regulations in subsection (b), paragraphs (2), (3), and (4), may be modified by the City Council in connection with the granting of a use permit in conformance with all other requirements of Chapter 27.27. (Ord. 17650 §1; April 17, 2000; prior Ord. 17076 §1; October 21, 1996; Ord. 16781 §1; May

Subject: Use Permit 43B Proposed Amendment

Abby, Received your request of my review of the proposed amendment to UP43B at 3933 S. 14th St. Chapter 27.69.044(b) paragraph (2) requires that the 32 SF ground sign be located at the entrance to the office park, which would be on 14th St. Paragraph (3) allows for a 15 SF sign at each building entrance. It appears that the applicant wants to move the 32 SF sign away from the vehicular entrance, and install the sign on 13th St., which would move the sign further from the residential area. They also want to move the building entrance sign to the driveway entrance on 14th St. In my opinion this would require council approval because the ordinance does not allow this. If council approves, this dept has no problem issueing the permits. Although I think it should be asked what they plan to use the 15 SF sign for.

Please call if you have any questions.

-Mike Petersen
